

To begin using the BARBRI Mobile course, you must:

1. Set up your iPod touch® (note that the BARBRI App can also be used on the iPhone® or iPad™),
2. Ensure that the operating system software is at least version 3.0, and
3. Download the BARBRI App from the App Store<sup>SM</sup>.

### What You Need

- A Mac® or a PC with a USB 2.0 port and one of the following operating systems:
  - Mac OS® X version 10.4.11 or later; version 10.5.7 or later required for syncing Notes
  - Windows XP® Home or Professional with Service Pack 2 or later
  - Windows Vista® Home Premium, Business, Enterprise, or Ultimate edition
- Display resolution on your computer set to 1024 x 768 or higher. To verify your display resolution:
  - Right click anywhere on your screen
  - Select **Settings**
  - Select **Screen Resolutions**
  - If the screen resolution is not high enough, move the triangle to the right until you reach 1024 x 768
- iTunes® 8.2 or later, available at [www.itunes.com/download](http://www.itunes.com/download)
- QuickTime® 7.6.2 or later (note that this is installed with iTunes)
- An Internet connection for your computer (broadband recommended)

### Set Up

Before you can use any of the iPod touch features, you must use iTunes to set up the iPod touch. You must also register the iPod touch and create an iTunes Store account (not available in some countries) if you don't already have one.

#### To register your iPod touch:

1. Download and install the latest version of iTunes to your computer from [www.itunes.com/download](http://www.itunes.com/download).
2. Connect the iPod touch to a USB 2.0 port on your Mac or PC using the cable that came with the iPod touch.

3. Follow the on-screen instructions in iTunes to register your iPod touch, create an Apple ID account, and sync the iPod touch with music, video, and other content from your iTunes library, and with your contacts, calendars, and bookmarks on your computer.
